

# merish4

## Touch the music

**MERISH 4** is a touchscreen workstation that plays backing tracks and music files in Midi, Mp3 and Video format, also with lyrics. It includes a digital mixer with effects, harmonizer and equalizer.

**MERISH 4** is also an Audio recorder, Mixer and a powerful Midi File Editor.

**MERISH 4** has the latest generation Midi sounds database that includes: 386 Sampled sounds and 46 Drumkits with 480 samplings in a 128 Mb memory. It connects to the **Internet\*** to download the

backing tracks and share the musical experience through Apps. It manages the Master Keyboard configurations and PC or Tablet connections.

\*via wi-fi with **M-PEN** optional dongle not included.

# ON THE ARTISTS' STAGE

## PLAYS, MIXES, RECORDS

**MERISH 4** plays and mixes Midi and Mp3 files, also in the most popular Karaoke formats. It includes "Wizard" and "Go To" functions to switch between tracks from and to any point. It reads USB pen drives and external hard disks. It reads a PC keyboard and functions as a high quality Midi generator. It records performances and edits Midi files. It imports lyrics files and syncs them with the music even by colouring, whether Midi or Mp3. It reads and displays .JPG backgrounds. It reads the most widespread Video formats.

## RECORDER

Record your performances with **MERISH 4** and personalise your Midi file to transform it into an audio file. Save also in Mp3 format for maximum compatibility.

## CONNECTIONS

It connects to the Internet\* to download the backing tracks and share the musical experience through Apps.

\* VIA WI-FI WITH **M-PEN** OPTIONAL DONGLE NOT INCLUDED.

## MIXER

Two microphone inputs, also with phantom power. Two audio inputs, balanced audio outputs + monitor; Click Out and Headphones.

The Mixer includes an equalizer for the voice and for the Midi and Audio backing track, two microphone effects, and a 3 voice harmonizer on the first mic channel. The Mixer on the panel allows to change the Midi in real time.

## EDIT AND SYNCHRONISE LYRICS & CHORDS

Edits and synchronises your lyrics and chords and reads the most popular lyric formats, including Mp3+G. Freely alter the Midi File with a straightforward and complete editor. Merish 4 reads .TXT files to import and synchronise song lyrics on Midi or Mp3 files.
