EN

The **MBC** is a foot controller designed to manage M-Live devices in a practical and immediate way. Each button is linked to a software function, allowing for smooth and intuitive control during performance. With the MBC, you can navigate playlists, select tracks to play, start and stop playback, or set loops\* to your liking. You can repeat a single marker or create an endless loop.

## TWO FUNCTIONS FOR EACH KEY

Each button offers a primary function (short press) and a secondary function (long press).

The screen prints on the panel clearly indicate both modes.

## MBC: the world at your feet!

Compact, robust and versatile, the MBC is the ideal partner for managing your live music simply and precisely.

\*Loop is available on B.Beat PLUS and with LOOP firmware versions.

### CONNECTIONS

<b>POWER 12V</b>	Optional external power supply
<b>USB INPUT</b>	Connection to M-Live device
